Keith,

Thank you for coming to Indiantown Middle School and speaking with our students about the importance of Cyber Safety. I am often finding perspective guest speakers that would like to come and present to our student body, but without getting to see them first-hand, I am always hesitant. As I listened and watched you speak to our students, I couldn't have felt better about my decision to agree to have you at our school.

The idea of completely engaging a room full of our entire 7th and 8th grade students is no small task, yet you accomplished that with your incredible style/personality. There were moments of great humor, thought provoking stories and most importantly a passionate message that I hope will last with our students forever.

It's almost been a couple of weeks since you left our campus, but the stories you shared are still being recanted by students, as evidenced by conversations that have taken place during our daily lunch periods. The fact that you could find a way to connect with our students, citing examples of Facebook or texting, clearly paved the way for our students to relate. You have a true gift for public speaking and the way you share a story, it's like we were re-living them with you.

In addition to being an incredible presenter, I also want to commend you for being the ultimate professional. Just last week we had another assembly scheduled, once again, I hadn't seen the presenter before. Unlike you, who arrived 45 minutes just to make sure the sound and technology would be working, this presenter was late and low and behold their DVD didn't work. While this was not the best scenario, I had to think quickly and wouldn't you know I shared some of your stories to the students, as this was our 5th and 6th grades!

If another school is hesitant about what to expect with your Cyber Safety presentation, I would be more than happy to share our experience. I can be reached at 772-597-2146. Thank you again! I truly believe you provided a lesson that will change our student's lives.

Nancy Kline, Superintendent
