Dear Mr. Dunn:

I want to take this opportunity to thank you for the entertaining and enlightening student and parent seminars you presented in our school district on September 17, 2012. Your ability to adapt the presentation to your specific audience was extremely effective, impressive, and enjoyable!

Since your presentations, I continue to receive positive feedback about how beneficial the information was, how incredibly entertaining you were, and your ability to relate to students through your presentations. In fact, did you know that there were students who came back for your parent seminar that evening? I think that speaks volumes to how well students received both you and your message!

I will definitely recommend Keith Dunn, KDCOP, to other school district administrators. I am proud to be part of an effort that I am certain made a difference in our students', parents', and educators' lives.

Sincerely,

Brenda Duhon
