To Whom It May Concern:

Keith Dunn was the keynote speaker at the 11th Annual Middlesex County Prevention Education Summit on June 7, 2013. The Summit was attended by over 120 professionals from law enforcement, education, and substance abuse treatment and prevention. His keynote address, "Dare To Be Cyber Safe" was extremely well received by the attendees.

Keith's presentation was relevant to all in attendance and his blend of humor and information was very much appreciated. Evaluations were consistently high, with comments such as:

Keynote speaker was energetic and informative.

Wonderful!

Presenter was amazing!

I will take the cyberbullying information back to my school and inform staff.

(Keith) demonstrated an interesting way to talk about bullying.

KDCOP = Fantastic

Keith Dunn was unbelievable!

I would highly recommend Keith for presentations to parents, students, and professionals. His information is vital to all of those audiences, and he is just the person to provide that information.
